

Dr Terri Hall

BSc, MBBS (Hons), FRACP

General Cardiology and Cardiac Imaging

Dr Terri Hall is a clinical cardiologist who has special interests in cardiac imaging, valvular heart disease and obstetric cardiology.

Dr Hall is an Honours Graduate of the University of Queensland Medical School, and is a Fellow of the Royal Australasian College of Physicians in Cardiology. She completed her advanced training in Cardiology at the Princess Alexandra Hospital in Brisbane. Subsequent to this, Dr Hall underwent a further two years of fellowship training dedicated to Advanced Echocardiography.

Her first year of fellowship was completed at the Princess Alexandra Hospital. Dr Hall then travelled to Canada for a second year of cardiac imaging training through the McMaster University Health Service in Hamilton, Ontario. Through her two fellowships, Dr Hall has obtained extensive experience in transthoracic, stress and transoesophageal echocardiography as well as 3D imaging techniques.

Dr Hall has been involved and continues to be involved in research related to cardiac imaging and heart failure.

Dr Hall consults at **Mater Private Hospital, Greenslopes Private Hospital** and visits **Gladstone**.
